

BYOx Printing

1. Open BYOx from your desktop.

2. Enter your school login credentials.

A screenshot of a Windows application window titled 'BYOx'. The window has a white background and a blue border. At the top left, there is a small 'BYOx' logo. The main text in the center reads 'Enter your DET network username and password'. Below this, there are three input fields: 'Domain:' with a dropdown menu showing 'FCW', 'Username:', and 'Password:'. A 'Connect' button is positioned below the password field. In the bottom right corner, there is a link labeled 'About'. At the bottom of the window, a grey bar displays the text 'Not connected'.

3. Once connected, it will state down the bottom the number of drives and printers connected

A screenshot of a notification bar at the bottom of the BYOx application. The bar has a grey background. On the left, it says 'Connection success' in green. In the center, it says '3 drives connected, 2 printers connected.' On the right, there are two links: 'About' and 'View'.

4. When Printing at school, select FollowMe

You will need to know your PaperCut PIN to retrieve your print.
